WORK EXPERIENCE

Project Engineer – *W.E. Lyons Construction, Walnut Creek, CA*

March 2019 – Present

- Successfully provided Project Manager with engineering and administrative support for successful completion of the project 2 month ahead of schedule, potentially saving our company and client \$1.4M.
- Built a reputation as a go-to resource among coworkers for tech and various engineering questions.
- Proactively designed and developed a new & modern website for our company.

WordPress Developer – *TMCraft LLC, Ashgabat, Turkmenistan*

October 2015 - December 2018

- Participated in the full development lifecycle of 17 websites, working closely with the design team to develop pixel perfect interfaces using WordPress with Elementor.
- Outperformed colleagues by implementing a customer-first mindset and an interest in talking with customers to ensure what we are building meets their needs.
- Demonstrated leadership by mentoring junior devs, accelerating their development by 30%.

MWD Engineer – *Halliburton Company, Bakersfield, CA*

January 2012 - July 2014

- Successfully finished junior engineer training program 7 months ahead of projected schedule by independently leading jobs.
- Trained and mentored 4 newly hired engineers, who went on to become successful field engineers.
- Four times winner of employee of the month award.

EDUCATION

Bachelor of Science – Petroleum Engineering – *Texas Tech University, Lubbock TX.*

Minor – Mechanical Engineering

Graduation – 2011, GPA 3.65
